

PRM 614X PROJECT MANAGEMENT SEMINAR

SEMINAR PAPER OUTLINE.

Write a seminar paper that is not more than 20 pages and follows the below outline:

1. Cover page;

- The title should have clear independent variables and dependent variable (no context).
- Your name and registration number.
- Course unit and code, Month 2026

2. Introduction

- Highlight the background of the area of study.
- Describe the variables as put forth by other researchers.
- Each variable to have a sub section.

3. Theoretical framework

- Summarize two theories supporting the relationship between the variables of the study.
- Use the format discussed in class to summarize the theories i.e. the proponent of the theory & year, description of the theory, assumptions, justification and criticisms.

4. Empirical literature review

- Summarize related global, regional and local empirical studies in the format discussed in class. (Three from each category).

5. References; Follow APA guidelines in citations and in referencing; all citations must be in the references.

INSTRUCTIONS

- The seminar paper be typed and submitted in PDF Format.
- Format your work; Font should be Times New Roman, font size 12 with a spacing of 1.5.
- Avoid plagiarism and cite your work appropriately.
- The seminar paper will be submitted on the exam day and time in the e-learning platform.
